***Reasons for Allowance***

1. Claims 1 & 4 allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Claims 1 & 4 are allowable because the prior art of record does not teach or fairly suggest a snubber module comprising all the features as recited in the claims and in combination with two capacitor external terminals and six diode external terminals are exposed from a resin mold wherein said six diode external terminals are configured to have same intervals as input and output terminals of a semiconductor switch module which can bidirectionally supply a power between three terminals.
4. Applicant's arguments in combination with the claim amendments in the Amendment of 7/20/2006 are sufficient to overcome the rejection of the previous actions.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
